Program Overview

Experience University Research for Undergraduates (EUR Univ) is an academic and culturally immersive program designed to help highly motivated students take advantage of a Top 10 university campus, building practical skills in a variety of subject areas and gaining invaluable experience as they prepare to apply to top graduate programs and begin careers.

For the 2019 EUR Univ program, UCI dozens of students from the U.S., China, and Brazil, August 4-24.

Some students also joined the EUR Intro Week July 28 – August 3, to spend extra time studying English and academic skills.

EUR Intro Week

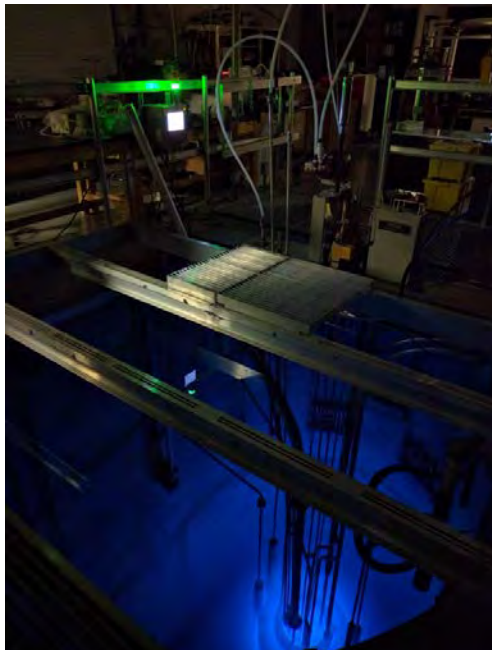

EUR Intro week概要

During EUR Intro Week, students took English language classes, toured UCI labs, and participated in activities with other international students in other UCI programs.

EUR Intro Week touring UCI's RapidTech 3D printing facility

Enjoying Crystal Cove State Beach with new friends

EUR Intro Week students visited UCI's nuclear reactor facility and learned from UCI engineers

Coursework

授業内容

Core Classes (3 hours/day)

All EUR Univ students took the following core classes to sharpen their oral and written communication skills in order to become successful graduate students and professionals.

Global Communication Skills – Students reviewed academic vocabulary, learn note-taking strategies, prepare oral presentations, annotate university lectures, and lead discussion groups.

Advanced Writing Composition – Students learned the essentials of American university writing by thoroughly analyzing academic articles and developing evidence-based claims.

Electives (6-10 hours/week)

Intro to Environmental Analysis & Design

Students learn about climate change and public policy as they examine real-world case studies. *Pictured on the right, Juliana Zanotto, Ph.D. (top left), John Whiteley, Ed.D. (top center), and Daniel G. Aldrich, III, UC Office of the President (top right) with EUR Univ students.*

Project Management Applied to Data Analytics

Students learn current data analytics methods involving Big Data and create innovative solutions to a business problem. Students performed data-driven discovery and prediction, extracting value and competitive intelligence for their projects.

Electives Continued (6-10 hours/week)

Expressive Design with IoT Devices and Robots

Students learned about Python, IoT Devices, and Hardware by designing and programming robots to complete a series of pre-determined tasks using Raspberry Pi single-board computers. *Pictured on the right, Saleem Yamani, M.S. (center) and Dave Dimas, Ph.D. (top right) with EUR students.*

International Trade & Supply Chain

Students learned impact of the international trade in today's global economy and how the supply chain works, including physical transportation, infrastructure, inventory and packaging, customs privileged facilities, and more.

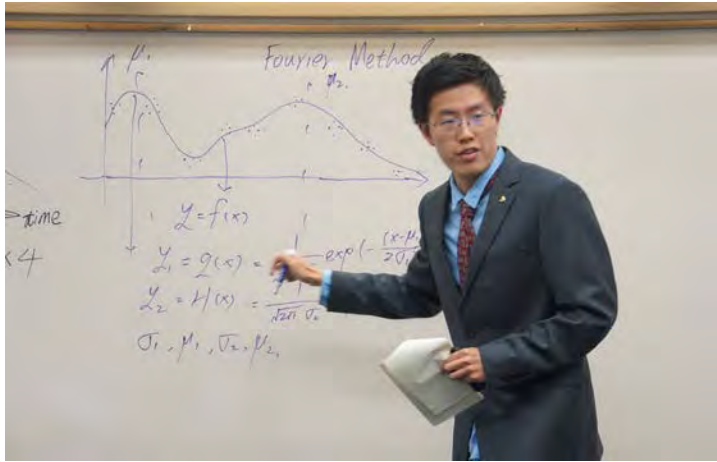

Electives Continued (6-10 hours/week)

JavaScript

Students learned how to utilize the power of JavaScript by combining it with HTML through the DOM (Document Object Model) in order to build fully functional web applications. Students learned many tools for real-world web application development.

Pictured on the right, Humza Bhakhrani, Software Engineer at Google, teaches EUR students.

A student gives a presentation in Project Management with Data Analytics

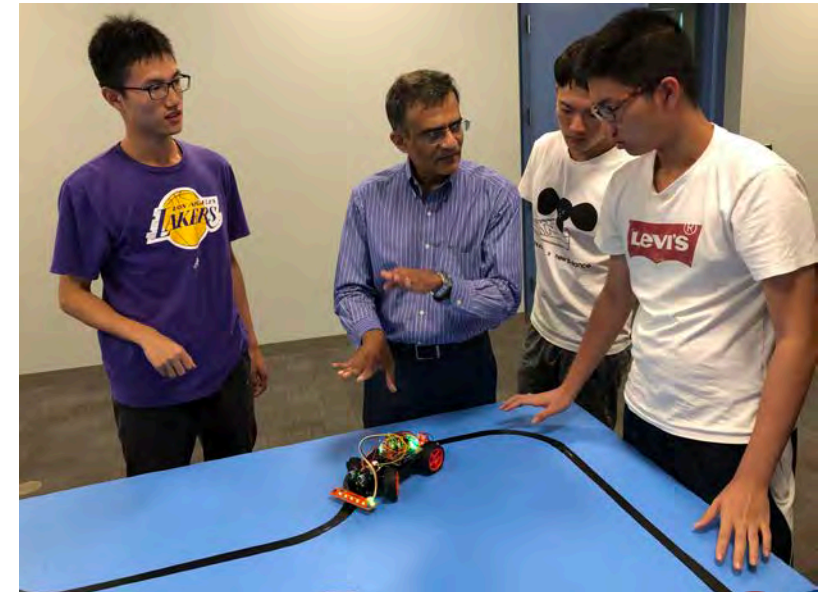

Students share ideas in Global Communication Skills

Students test out their coding with Dave Dimas and Saleem Yamani

Linda Gruen gives feedback to a student in Advanced Writing Composition

Program Calendar – Social Ecology Track

Activities

授業外活動

Academic Activities

This year, EUR Univ students attended a series of academic activities in addition to their classes, including: UCI Lab Tours, a Graduate Department Presentations, Guest Speakers, and Academic Advising.

Pictured on the right, UCI students watch the Pi Car Race, in which EUR Engineering Track students competed.

Engineering Track students pose with their Pi Cars on race day

Stephane Muller, Director of Business & Technology Programs address students

Students used a 3D printer to modify and decorate their Raspberry Pi Cars

An EUR students tests out a VR headset

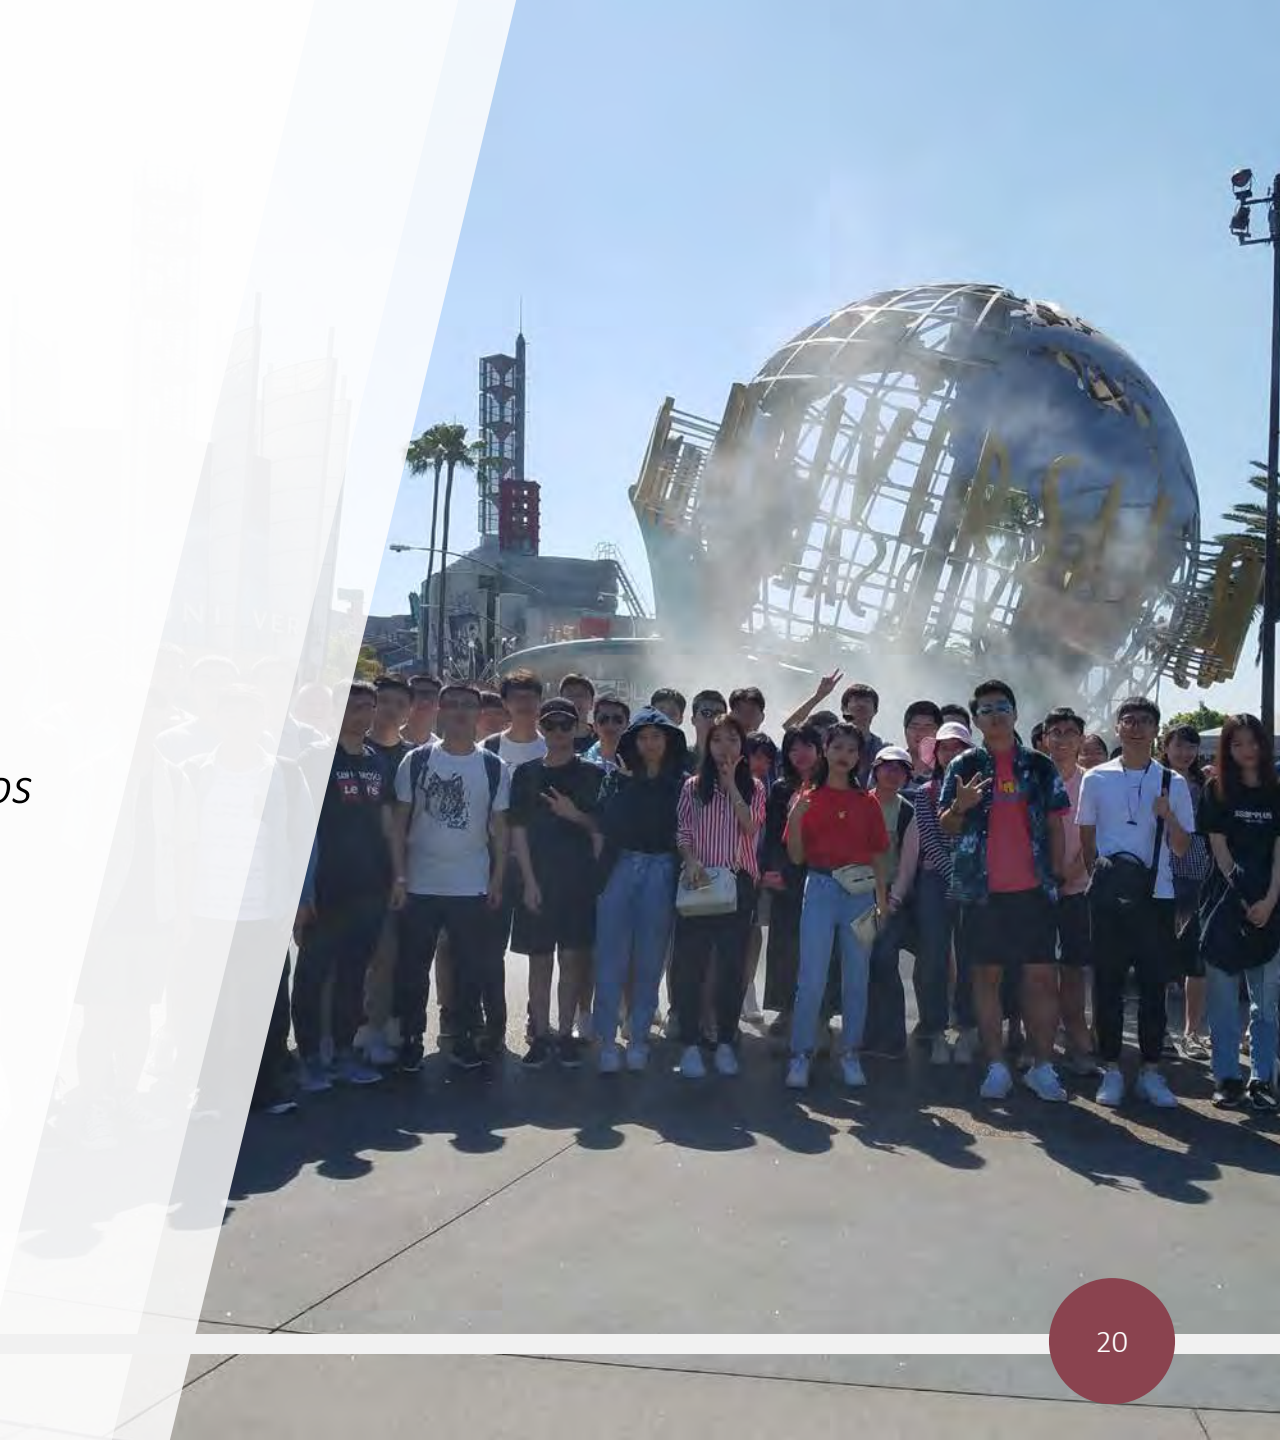

EUR students learn how a nuclear reactor operates

Cultural Activities

This year, EUR Univ students also attended many cultural activities on and off campus, including: Conversation Partner Meetings, Social Mixers, Local Attractions, and Cultural Classes.

Pictured on the right, EUR students at Universal Studios Hollywood.

Buying some Disneyland souvenirs

EUR students play basketball with UCI students

EUR students hangout with their conversation partners

Learning to paddleboard in Newport Back Bay

Accommodations

寮、UCIキャンパスについて

Mesa Court Towers

Located on the UCI campus and just two years old, the Mesa Court Towers provide clean, comfortable accommodations to EUR students.

A UCI Housing Advisor lived with students to provide 24/7 support. Students also had access to laundry facilities and a kitchenette.

Students dined in the Anteaters Cafeteria located in the Mesa Court Towers as well as in many of the 16 other dining locations on campus.

Dorm rooms are fully furnished and include bedding, towels, and Wi-Fi.

Below is a list of UCI professors and professional experts who taught courses in the EUR Univ program.

Martin Wartenberg, MSEE, MBA

Saleem Yamani, M.S. (pictured)

Dave Dimas, Ph.D.

John Whiteley, Ed.D.

Juliana Zanotto, Ph.D.

Brad Holt, M.P.I.A .

Humza Bhakhrani, B.S.

Rachel Fernandez, M.A.

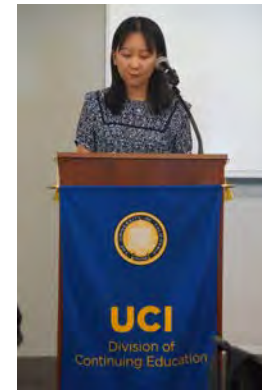

Linda Gruen, M.A.

2019 Certificate Ceremony

卒業式の様子

A group of five men are smiling and posing for a photo. They are standing in front of a yellow background with a repeating pattern of a cartoon character and the letters 'UCI'. The men are dressed in a mix of casual and business-casual attire. The man on the far left is wearing a blue denim jacket. The man next to him is wearing a patterned shirt and glasses. The man in the center is wearing a light blue shirt. The man on the far right is wearing a dark suit jacket, a light blue shirt, and a red patterned tie. The man on the far right is wearing an orange t-shirt and glasses. They are all giving thumbs up or peace signs.

TESTIMONIALS

体験談

Shijing LIANG (pictured)

It benefited me a lot. I learned something new to me especially in the writing class. I improve my listening and writing skills... I really like to say thanks to all the instructors and professors here. They are so helpful and always willing to answer my questions so I really have a wonderful experience here. Thanks to UC Irvine, it's my honor to be here.

Shenglei ZHANG

I studied JavaScript here and it's really hard for me, kind of. The CSS and HTML, I didn't learn it before, but the teacher is really nice here. They teach you just like they are your classmates and teach you like... show you how to do this... if you want to have a different experience, a foreign experience in America, the best place you can go is UC Irvine.

Thank you!
